Become one of our Champions!

The Champion Donor Program raises funds to further OWA's efforts as we work towards achieving our vision of ensuring that healthy, productive and sustainably managed forests remain a part of Ontario's future.

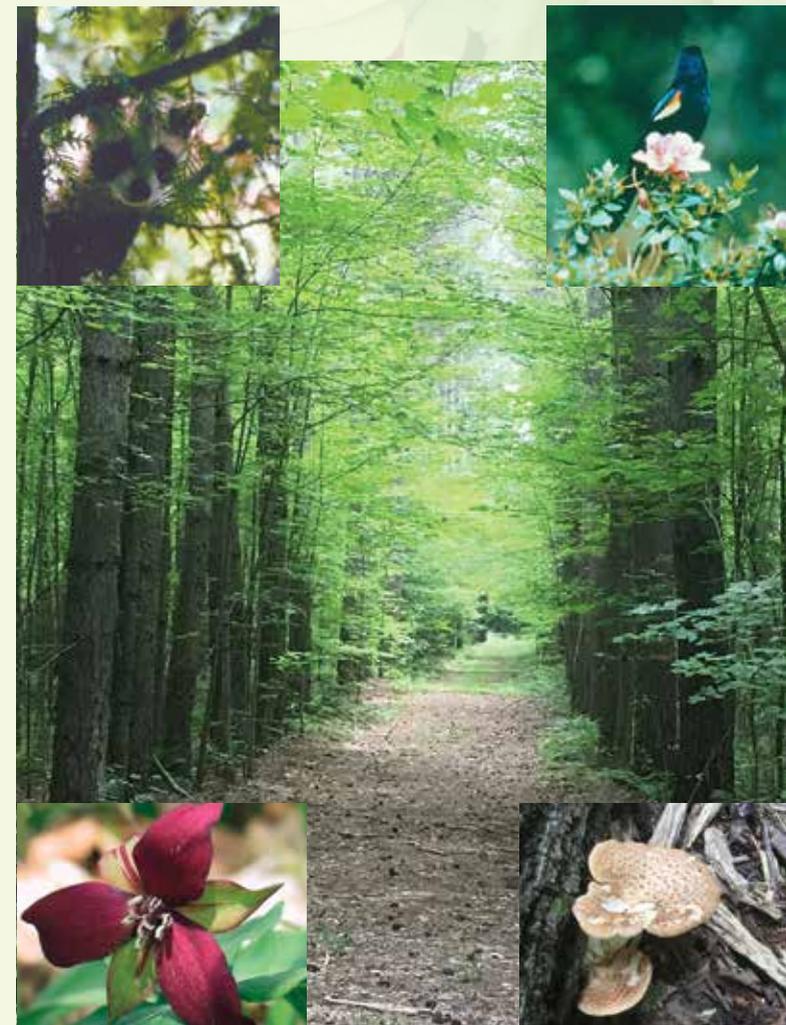

We are the dedicated voice of over 165,000 woodlot owners across Ontario. By making a donation you can support our positive messages to governments and agencies about the important role our woodlands play in the current economy and future well-being of Ontario.

Visit us on-line at www.ontariowoodlot.com and become a Woodlot Champion!

Ontario Woodlot Association

Come Join Us!

The Ontario Woodlot Association is a provincially based, non-profit organization governed by an elected volunteer board of directors, with a network of regional Chapters across the province.

Our membership includes individuals and organizations. We believe that our members have a key role to play to ensure that sustainably managed, productive forests remain a part of Ontario's future.

Established in 1992, the OWA was organized to provide a common voice for all woodlot owners and those interested in their concerns and is proud to call itself a "grassroots" organization with a strong and active local presence provided by its Chapters across Ontario.

Ontario Woodlot Association Member Benefits

Learn new skills and network locally

Our Chapter structure provides you with interaction with others close to home in "hands-on" activities such as workshops, woodlot tours, demonstrations and other learning activities.

Receive regular information on forest management

Receive our informative quarterly publication, and our monthly e-Letter "News From Around the Woodlot," both of which provide practical how-to articles on woodlot management as well as news of people, events, and issues affecting the management of private forests in Ontario.

Learn about wider issues at our AGM and Woodlot Conference

Our Woodlot Conference and Annual General Meeting held at various locations around the province provides a forum to discuss common concerns and share information with other members. It features tours and demonstrations, a wide spectrum of speakers on topics relevant to maintaining healthy, productive and sustainable woodlots and an exhibitors' hall.

Have your voice heard

The OWA is recognized as a leader in promoting sustainable forestry practices and as a collective voice for woodlot owners and others interested in sustaining our forest cover. We speak to the government about issues which concern us all and work to have legislation enacted which provides benefits to all Ontarians.

A chance to apply your personal skills and work with others toward a common goal

We actively seek and develop partnerships and work with other organizations having similar goals. You can support your local community in volunteer activities.

Remember: Active members benefit most!

To get the most out of your membership, volunteer to serve on the Board of your local Chapter, or participate in a committee. Then, after you gain some experience, consider joining the OWA Provincial Board and assist in meeting the challenges facing a growing organization.

National Representation

Our membership in the Canadian Federation of Woodlot Owners provides the association with a national voice.

Need something? Access our Online Services

Our Forest Services Directory is a one-stop-shop to locate forest consultants, loggers, tree nurseries and many more services!

Our Woodlot Marketplace is THE place for woodlot owners to use FREE non-commercial classified ads. It helps you to find, buy, sell or trade forest-related products.

Access our available Print Materials

Membership gives free access to a variety of fact sheets, brochures and guides, including:

- *A Landowner's Guide to Careful Logging*
- *A Landowner's Guide to Selling Standing Timber*
- All issues of our quarterly publication since 1992

Access is just a call away!

Membership pride!

Gatepost signs are available for purchase upon becoming a member.
